## Fantastic gullibility and openness

With the Russians, according to foreigners, at first it is difficult to strike up a relationship; they are closed off and unsociable. If this barrier is overcome, then the Russian will tell everything about themselves and their family, invite you to visit their place, treat you well and never forget you.

Welcome to Russia

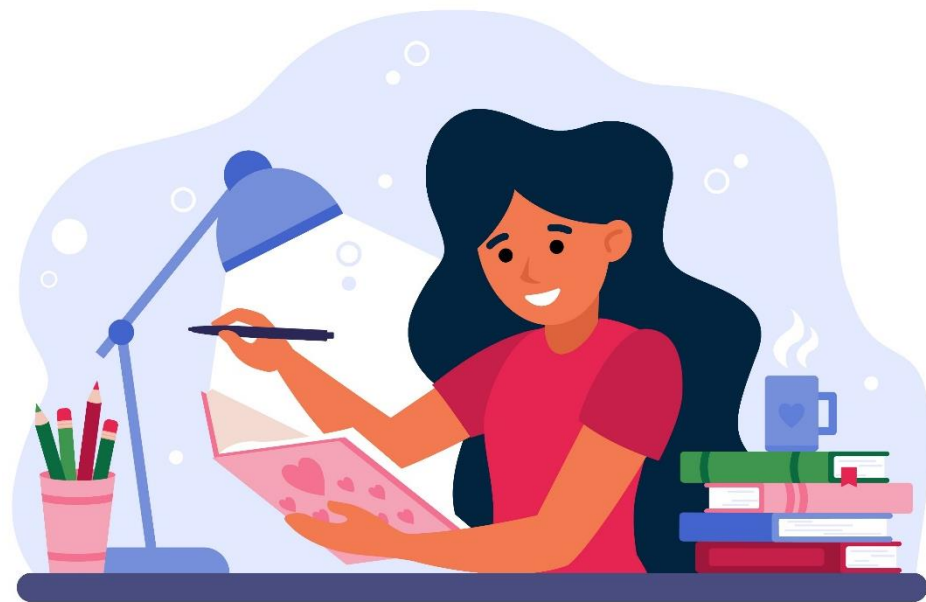

The text "Welcome to Russia" is written in a red, cursive font. To the right of the text is a decorative red archway with a white interior. Below the archway are three nesting dolls of different sizes, also in red and white.
